A copy of applicant's driver's license or picture identification must be furnished in order for service to be provided. The name on identification and the name on the service must be the same. In order for name to be changed, a marriage license, death certificate or a court order must be provided.

WATER AND WASTEWATER SERVICE:

I, the undersigned applicant, understand that at the time of connection to the water main, all other sources of water, such as wells or springs, shall be disconnected to prevent my cross connection of water lines. The Centerville Water and Wastewater system will only allow one (1) residence per tap. Failure to comply with this regulation could result in the termination of service.

Customers are required through the Southern Building Code to install a water cut-off on the customer side of the meter. This will enable the customer to cut the water off to make home repairs. Water heaters are required to have a check valve to prevent back flow of water in the event of a break in the water line. All Sewer taps require a water-tight connection and must be inspected by a representative of the Centerville Water and Wastewater System before covering the tap. If water pressure at the meter exceeds 70 p.s.i., applicant will install a pressure regulator on line at their expense.

WATER SYSTEM AGREES TO:

Operate and maintain the water system so as to provide water to all users in a business like and adequate manner. Maintain minimum pressure of 20 p.s.i. as required by the State of Tennessee (20 p.s.i. at your meter).

MUTUAL AGREEMENTS:

The applicant will be responsible for marking a location for the tap. The Town of Centerville reserves the right to move a tap in the event of rock or other problems associated with the tap. The Town of Centerville is granted the right of ingress and egress necessary for successful operation and maintaining its water/sewer/natural gas lines and appurtenances. The water and/or natural gas meter shall remain the property of the Town of Centerville. The tap fee(s) shall be non-refundable. The deposit(s) will be held, by the Town, for payment of the accounts should service be terminated for any reason and the account remain unpaid. Applicant agrees to pay bill in full when due, and understands that in the event of his/her failure to pay the Town of Centerville shall have lawful right to collect the bill with an extra charge and/or disconnect service. I will notify the Town of Centerville should I move from this location and furnish a good forwarding address for my final billing.
